WHAT HOSTS AND PARTICIPANTS ARE SAYING

"I would highly recommend this as a mandatory part of the advocate training for every pregnancy center. You have grounded this workshop in Scripture and emphasized its importance in the healing process — which is so wonderful to see and hear."

Jennylynn Olson

Executive Director, Bridges Pregnancy Clinic & Care Center

"This was the missing piece in all the other grief training I have had — the reliance on the truth of God's Word as the basis of all healing. I look forward to incorporating this into our training and continuing education of volunteers and staff."

Angela Ericson

Clinic Manager, The LOC

"RLN will be my #1 resource. Every faith-based organization dealing with trauma or grief surrounding pregnancy should take this training. Through case studies, scriptural support, and group discussion my eyes were opened to the many losses surrounding reproductive grief."

Mindy Lefaucheur

Founder, An Even Place

"In-depth without being overwhelming. The story examples were diverse and gave insight into so many aspects of reproductive loss. I appreciated the biblical application — both Tanya and Tricia are knowledgeable and explain the material so well."

Leah Burlingame

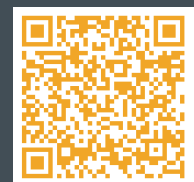

Biblical Counselor

Many churches and pregnancy clinics use the 101 as an on-boarding foundation — so every helper has a shared understanding of reproductive loss, its impact, and practical tools. This course is also the prerequisite for all other RLN advanced training. Add-on courses are available at a discount.
